Cute Condo at a Great Location.

Casa Margarita at Downtown Puerto Vallarta is a contemporary condo that gives spaciousness feeling from the moment you walk in. The nice furniture makes you believe you are living at a million dollar condo. This turn key unit is just steps away to the Beach, the Malecon, and the Cuale River, is there a better location!?

The building has administrator, common laundry, and a roof top terrace with a view to die for.

Great rental potential, the location makes this condo a natural rental income producer, rental history available.
